

FACT SHEET

DIISOCYANATE LEGISLATION

REACH is the European Regulation on Registration, Evaluation, Authorisation and Restriction of Chemicals. It entered into force in 2007, replacing the former legislative framework for chemicals in the EU.

On 4 February 2020, the REACH Committee voted in favour of the European Commission's proposal for a REACH restriction on Diisocyanates.

The EU introduces mandatory training of diisocyanates workers from 24 August 2023 in new REACH Restriction.

SVI products that contain Diisocyanates are as follows:

INSERTION KIT FOR LIVE MAINS INSERTION

Within this kit it is just the hardener bottle that contains Diisocyanates.

END SEAL KIT FOR LIVE MAINS INSERTION

Within this kit it is just the hardener bottle that contains Diisocyanates.
